

# Certificate

for

# AIXTRON

AIXTRON has taken it upon themselves to permanently reduce their carbon footprint. Through the use of renewable electricity, AIXTRON has reduced its Scope 2 Emissions for the reporting year of 2020. All remaining, unavoidable carbon emissions from business activities are voluntarily offset. Business activities for the company AIXTRON SE during the year 2020 release greenhouse gas emissions equal to

## 4,468 tonnes of CO<sub>2</sub>e emissions

This certificate confirms that these emissions were offset by emission reductions through the climate protection projects

**Efficient cook stoves, Uganda**  
**Avoided Deforestation, Peru**

First Climate has permanently retired the corresponding emission reduction certificates irrevocably from the market.
